borderless

global outreach to African
immigrants and refugees

Show love to
foreigners, for
you yourselves
were once
foreigners.

from Deut 10:19

Borderless works with local churches in cross-cultural mission, reaching African refugees and immigrants who are building new lives in our communities. Escaping war, political or religious persecution, moving for economic reasons or as international workers and students, many come from countries and people groups **where there is no viable gospel witness**. Crossing borders, leaving all that is known behind, they come in search of a better life. We work to welcome these travellers, build relationships with them, and in doing so introduce them to the gospel of Jesus Christ.

Our teams serve in strategic communities around the globe where significant populations of ethnic Africans have settled. We seek partnerships with local churches to build relationships and share the hope of Christ with people groups we might not otherwise have the opportunity to work among.

Borderless is a ministry initiative of **Africa Inland Mission** – a Christian mission agency partnering with churches worldwide to reach Africa's unreached peoples.

LOVING OUR NEIGHBOR

We embrace the biblical principle of “welcoming the sojourner”, offering practical help and services like English classes and assistance through the many challenges faced by foreigners in transition.

MAKING DISCIPLES

We learn culture and language, and participate in the community life of those we hope to reach, seeking genuine relationships where sharing Christ is a natural expression of our friendship.

PARTNERING WITH CHURCHES

We bring our knowledge of Africa and our missional expertise, offering coaching, resources, and inspiration to local churches as we come beside them to reach the immigrants and refugees in their midst.
