# GOOD AND EVIL

*THE ULTIMATE COMIC BOOK  
ACTION BIBLE*

GOD'S REDEMPTION PLAN TOLD IN  
A 330-PAGE GRAPHIC NOVEL.

*Good and Evil* is an *award-winning* graphic novel depicting key Bible stories from Genesis to Revelation.

Written by renowned Bible teacher Michael Pearl, and illustrated by world-famous Marvel® Comics artist Danny Bulanadi, *Good and Evil* presents the gospel in an *engaging* and *easy-to-grasp* format that gives people a deep understanding of their need for a Savior. The book is designed to be a little “missionary” that can reach people who might never initially pick up a traditional Bible, while including verse references at the bottom of each page to prompt further study.

Based on the Chronological Bible Teaching evangelistic method, *Good and Evil* starts from the beginning to introduce the reader to a Biblical understanding of God, man, sin, and atonement—bringing the meaning of the cross to vivid life.

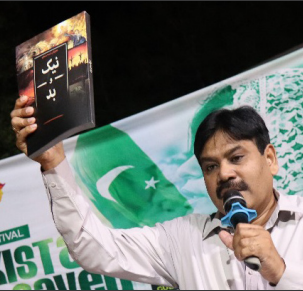

*Good and Evil* is an excellent addition to any evangelist's toolbelt, including:

- child evangelism
- low-literacy contexts
- cultures unfamiliar with the Bible

*Hundreds of thousands of copies of Good and Evil have been effectively used in the field to spread the gospel in many contexts and cultures all over the world.*

Chaplain Terry Brown — “Many of our inmates have a limited attention span and education. These Bibles offer the Gospel message in easy to read pictures and words. It makes me so happy to have them in Spanish. For them, the pictures speak louder than words.”

Evangelist Jamil Thomas — “This book is helping us to reach Pakistan for Christ. Both the children and the parents are drawn to the pictures. They see the verse references at the bottom of the page, and request a Bible

*to study if these stories are really true. We receive testimonies, even from muslims who became angry because of the pictures of the prophets, how they were still drawn to study the book, and came to know Christ.*
